

*Springtime at Triple Creek Farm*

*Ralph Munro*

Jeff,

Both of us are deeply indebted to the many groups, organizations, elected officials and individuals that honored us this month in the San Juan Islands. Our work with orca whales is something that we have taken on as a lifetime endeavor. Each of us deeply appreciated the honors, letters of support, phone calls and friends who send money to a favorite environmental organization in our name.

We believe that all of our states citizens must work together to assist in the protection of Puget Sound and its many species. Thank you for the role that you play in this effort.

Again, thank you for thinking of us.

Sincerely

Ralph Munro
